

MUHAMMAD NAUFAL RAFIANTO

Surabaya, Indonesia — +62 812-5901-1645 — developer.naufal@gmail.com — [LinkedIn](#) — [GitHub](#)

PROFESSIONAL SUMMARY

Computer Engineering graduate with 1+ year of experience leading and building production web systems in healthcare and media. Proven track record in cross-functional team leadership, end-to-end project delivery, and measurable business impact. Experienced in full-stack development, AI/ML engineering, and Agile collaboration — motivated to grow into a managerial role and drive organizational impact through technology.

WORK EXPERIENCE

Lead Frontend Developer Jul 2025 – Present
RSUD Syarifah Ambami Ratu Ebo, Bangkalan

- Led modernization of legacy EMR and HMS, migrating paper-based workflows into a fully digital integrated platform using Vue.js, reducing patient registration time by 40%.
- Improved UI consistency across 8+ HMS modules using Bootstrap, cutting UX-related staff complaints by approximately 60% within two months.
- Optimized frontend performance via code splitting and lazy loading, reducing initial page load time by 35% across critical modules.
- Facilitated Agile delivery with sprint planning, standups, and retrospectives on a 2-week release cadence.

Performance Engineering Intern Feb 2024 – Jul 2024
PT Bank Mandiri, Jakarta — Remote

- Simulated 10,000+ concurrent users on core banking systems to identify performance and scalability limits.
- Designed load, stress, and endurance tests to expose bottlenecks across API, database, and infrastructure layers.
- Discovered and reported 50+ critical defects, contributing to a 25% reduction in system response time.

Frontend Developer May 2024 – Oct 2024
Good News From Indonesia (GNFI) — Remote

- Developed and maintained high-traffic content pages for the GNFI Insight platform using Next.js.
- Built reusable production-ready UI components documented with Storybook; optimized responsiveness across desktop and mobile.

Lead, Full-Stack Website Development Team Jul 2023 – Oct 2023
Olympiad of Biology ITS 2023 — Remote

- Directed an 8-member cross-functional team to build the competition platform from scratch, replacing a fully manual process and serving 500+ participants across 30+ universities — delivered on time with zero critical incidents.
- Architected a full-stack system using Next.js, TypeScript, and Golang, reducing registration time by 70% vs. the previous manual workflow.
- Implemented RBAC with 3 user roles and a real-time admin dashboard for participant verification and data management.

ORGANIZATIONAL EXPERIENCE

Member, Legislative Body (LMD) Mar 2023 – Jan 2024
Lembaga Mahasiswa Departemen, Teknik Komputer ITS

- Represented student interests in policy deliberation and institutional decision-making at the departmental level.
- Facilitated coordination between the student body and faculty, bridging communication across stakeholder groups.

PROJECTS

Concert Ticket Marketplace — Blockchain Platform (Thesis) 2025
Ethereum Layer 2, Smart Contract, Next.js

- Developed a decentralized ticketing platform on Ethereum Layer 2 to prevent fraud and double spending via smart contracts for ticket ownership, transfer, and controlled resale.

Hate Speech & Offensive Language Detection — AI/ML System 2024
Python, Scikit-learn, TF-IDF, SMOTE, SVM, Random Forest, Neural Network

- Led a team of 5 as AI Engineer and leader, building an automated detection system on 24,783 tweets with a full ML pipeline: preprocessing, TF-IDF extraction, SMOTE balancing, and Grid Search tuning.
- Evaluated 5 algorithms; Neural Network and Random Forest achieved top accuracy at 95.89% and 95.36% respectively across 4 embedding methods.

EDUCATION

Institut Teknologi Sepuluh Nopember (ITS), Surabaya

2021 – 2025

Bachelor of Engineering in Computer Engineering — GPA: 3.20 / 4.00

SKILLS

Technical: JavaScript, TypeScript, Golang, Python, SQL

Frontend: React, Next.js, Vue.js, Tailwind CSS, Bootstrap, Vuex, Pinia

Backend & AI/ML: Node.js, NestJS, REST APIs, Scikit-learn, TF-IDF, SMOTE, SVM, Neural Networks

Tools: PostgreSQL, Redis, Docker, AWS, GCP, Git, Linux

Soft Skills: Team leadership, Project management, stakeholder communication, fast learner, adaptability to new environments

CERTIFICATIONS

Bangkit Academy 2024 — Cloud Computing (Google, GoTo, Tokopedia, Traveloka) — TOEFL ITP — Score: 533
